

Fudge Fatale

Recent Customer Feedback

"I must tell you what an absolutely fabulous product you have. I've been a chocolate aficionado longer than I can remember and I've eaten more than my legal limit, but nothing like this, ever. Your fudge demands world recognition I've had chocolate from all over the world, from Belgium to Swiss, even Brazilian, and they have all been excellent. Yours far surpasses them all! It has been my pleasure to indulge myself with such pure bliss I can only describe as "Chocolate Nirvana".
A friend for life,"
